Re: Petition for Rule Making
Marsing, Idaho – Channel 298C

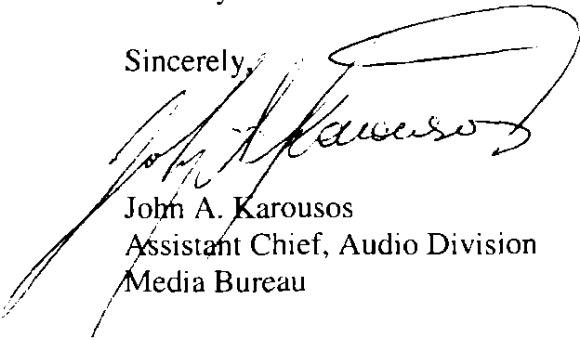

Dear Ms. Crawford:

This is in response to the Petition for Rule Making that you filed requesting the allotment of Channel 298C at Marsing, Idaho.

Your request for the allotment of Channel 298C at Marsing, Idaho, is unacceptable. Our engineering analysis indicates that the allotment of Channel **298C** at the site that you specify in your proposal (43-10-24 NL and 117-06-54 WL) would be short-spaced to Station KYZK(FM), Channel 298C at Sun Valley, Idaho. At the time that your petition was filed, a minor change application was pending to upgrade Station KDXT(FM) to its original Class C allocation. Because your petition was filed subsequent to that minor change application, your petition must be dismissed for failure to comply with the requirements set forth in Section 73.208(a) of the Commission's rules. 47 C.F.R. § 73.208(a). Moreover, your "Reply to Motion to Dismiss Petition for Rulemaking" does not contain a specific allotment proposal, and therefore cannot be treated as a new rulemaking proposal.

Based on the above, we are returning your proposal for Marsing, Idaho. You may resubmit the petition, provided that you make a showing that a fully-spaced transmitter site is available that provides city grade coverage to the entire community.

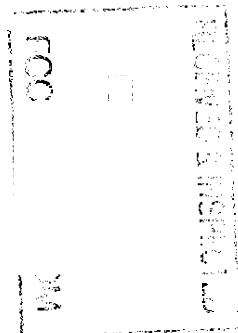

Sincerely,

John A. Karousos
Assistant Chief, Audio Division
Media Bureau
